

A large, abstract sculpture made of thick, curved metal rods or tubes. The sculpture is highly reflective, with bright highlights and deep black shadows, giving it a metallic and polished appearance. It is set against a backdrop of a clear blue sky with wispy white clouds. The sculpture's form is organic and fluid, resembling a tangled mass of branches or a complex knot.

Real partnerships are mutually beneficial.  
Essentially working across countries to create things  
that each partner could not create on their own

**Haqiqiy hamkorlik ikki tomonlama manfaatli. Eng

Creative Spark dasturi universitetlar cheklangan resurslar bilan erishish mumkinligini yaqqol ko‘rsatib bera oldi. Endi erishganimizni sarhisob qilish vaqtি keldi. Biz universitetlar bilan hamkorlik aloqalarini o‘rnatdik.

Endi bo'lsa bir qadam oldinda bo'lgan holda universitetlar mahalliy miqyosda, mamlakat miqyosida universitet va universitet hamkorligidan tashqariga chiqib, mahalliy va global kontekstlarning ehtiyojlarini tushunishda turli agentliklar, tashkiliy tuzilma va organlar o'rtasida vositachi bo'lib xizmat qilishiga va mavjud ehtiyojlarga murojaat qilishida yanada faol bo'lishiga erishish lozim.
